Renewd® iPhone

Renewd® is the best sustainable alternative for your new iPhone. The Renewd® iPhone is a certified pre-owned device that is living a second life in its best shape!

What makes it so reliable? Subject to the strictest Quality Control in the market, it has been thoroughly inspected, tested cleaned by certified professionals using the official software.

In this way, Renewd® ensures that each iPhone is 100% functional and that there is no possibility of technical malfunction. In the unlikely event that something goes wrong with your Renewd® iPhone, you are entitled to an included warranty and a free pick-up and return service. Renewd®: Greener and Affordable!

All Renewd® smartphones are checked for more than 80 functionality points, including a minimum battery capacity of 85%, testing features, touchscreen, audio system and all ports, and connections.

Our commitment to delivering the highest quality devices is confirmed by prestigious European certifications, such as the Refurbished Quality Label, awarded by TÜV Nord and Techniek Nederland, the RecQ certification from RCube and DEKRA, and EcoVadis.

All Renewd® devices are packed in FSC-certified packaging. It includes a certified pre-owned iPhone, a 1-year warranty, a charging cable, and a screen protector. The traceability of the warranty is guaranteed by a charging cable. The device ends with two products: what you choose. Renewd® is not only a green choice but also a responsible one. For every device sold, a portion is donated to Werf Forest, a non-profit organization that initiates reforestation projects to combat global warming.

Our commitment to sustainability ensures that all Renewd® devices are safe and reliable while reducing waste and conserving our planet's resources. These commitments are also shown in the Sustainable Consumption Pledge made with the European Commission.
