Great Gaming PC/ Workstation, you can easily play all new games on Ultra presets with high framerate on 1080p, 1440p, and 4k with Ray Tracing and DLSS for maximum performance.

Complete list of hardware below, I have installed CoD MW3 and some other AAA titles FOR TEST ONLY (Games are not included!), the package includes registered Windows 11 with all latest drivers and updates, and the language can be changed upon request.

Preferably pick-up option, if you want to receive the desktop via Post.nl you do it at your own risk, and any potential damages made during the shipping process you will need to discuss with the Post.nl.
