I would like to sell my primary workstation because I would like to move to mac pc. This is very powerful, balanced, and stable PC that allow you playing to all modern games (Street Fighter 6, Hogwards Legacy, Elden Ring, Fortnite, Dota2, CS2, etc in 1080P, 2K, 4K resolutions). This PC also fit to videomaking or 3D design or other works where PC performance is needed.

I bought it in the march of 2023.
