General information
 Number of doors: 4Color: Black
 Technical information

Power: 115 kW (156 HP)Transmission: 6 gears, ManualTank capacity: 65 litresFuel: Petrol/AutoGas (LPG)

I offer a car Honda Accord VIII 2.0 | Comfort 2012 Black. The car is regularly maintained. All filters and oil are being changed each 10-12k km. Pretty new brake discs together with brake pads changed some time ago. There might be some little scratches visible in few spots made on the parkings by others. Also, small marks on upholstery in the back seat. The car has been bought already with Autogas/LPG. The bottle is 35l and can be enough for 300-350km. The bottle is mounted in the trunk. I am the owner of the car since August, 2020. The car was bought with 133 000km mileage. Date of registration in the Netherlands is August 11, 2023. The car has history documented from previous owners, the current as well. Generally, Honda does not need investment and it is in very good condition. Just to enjoy the ride! After many doubts and sympathy to my Honda Accord, I decided to sell the car as I started riding a motorcycle and also no needing bigger car anymore. I plan to look for a smaller car. I hope the car will serve its new owner as well as it has served me. Car is still being used. Please, contact me if you have any questions or need more information regarding Honda.
