

Crop Worker

Locatie Zuid-Holland, De Lier

https://www.advertentiex.nl/x-1882609-z

Bedrijfsomschrijving

In the Westland region, we have many different companies for which we are looking for crop workers. This can be in small nurseries but also in large breeding companies. Vegetables such as tomatoes, lettuce, cucumbers, and bell peppers are usually worked with!

Functieomschrijving

As a cultivation assistant, you are the indispensable link in the breeding process of various types of vegetables. Each square meter of soil harbors different crop varieties, making your work never monotonous. From meticulously counting and weighing the crops to accurately recording this data using a tablet or scanner, you are the person who performs these tasks flawlessly. Additionally, tasks such as staking, leaf pruning, and harvesting are within your expertise. Thanks to your experience, you are also able to recognize diseases, among other tasks. You start your workday early, between 7 and 7:30. In short, it's a challenging and varied job!

Functie-eisen

Preferably has experience in horticulture Speaks Dutch or English Excels in meticulous tasks!
