

## R6 (Streetfighter) (2.000 EUR)

Locatie **Noord-Holland, Hoofddorp** https://www.advertentiex.nl/x-1882742-z

R6 (Streetfighter)

I am selling this because I bought a bigger bike and no longer need it.

## Pros:

The engine is in great shape, thanks to the #2 gen 5SL engine installed (25,000km). Plenty of power, incredibly lightweight, and very smooth gears and engine. Good tires and carbs synced recently, the bike starts up every time, first time.

## Cons:

24 years old, the bike could do with a wash, could do with a service to check every fresh and in order.

I can send a video I'm made today March 29th so you can see the bike in 360' with engine start up.

Feel free to contact me for more info and.
