I am selling my 2022 laptop from Italy. Unfortunately I don't have enough time for it and I want to buy a car, so unfortunately I need to sell it. The laptop has never been disassembled, damaged, wet or anything else, I am ready to go through any checks you want, preferably a sale with an appointment. I enjoyed this screen and performance, it's the best you can find for the money, I'm also giving away for free with the laptop: 2 laptop cases, mouse, headphones with microphone, Numpad(rgb), gamepad, and much more another, you can see everything in the photo. I can also install any Windows you need as a gift. There are no problems with anything, I'm just giving it away because I don't need it and I don't have time to sell it separately. I welcome you and 24/7 online, any questions and suggestions.
