

Matchless G3WO WW2 1939

Locatie **Friesland, Kollumersweach**
<https://www.advertentieX.nl/x-1892994-z>

Voor een vriend in Engeland biedt ik deze motor te koop aan. Het is een motor uit zijn eigen collectie. Ik heb in Normandië op deze motor gereden, hij rijdt erg fijn.

Ik kan u in contact met hem brengen, of in eerste instantie eventuele vragen aan hem voorleggen. De motor heeft nu een Engels kenteken, en wordt geleverd met een volledige verkoop overeenkomst en alle benodigde export papieren. De motor heeft een datingscertificaat van de AJS & Matchless owners club met vastgesteld bouwjaar 1939. De motor heeft na de revisie nog geen 3000 miles gereden. Ophalen, of levering in overleg kosten voor de koper. (opgegeven kosten zijn nvt, verplichte tekst MP)

WW2 MATCHLESS G3WO (RAF)

£9,995 ono

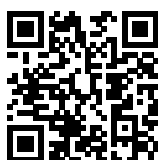

For sale is this very rare "panel tank" G3WO Matchless, which was found in Manheim, Germany in 2015 and brought back to the UK. It was almost certainly taken to France as part of the B.E.F in 1939/40 and left behind at the time the Dunkirk evacuation. The bike was fully restored in 2016 and painted in RAF

blue as a tribute to No. 1 Squadron who were deployed to France as RAF Advanced Air Strike Force at the end of WW2. It is in superb condition.

The motorcycle has been in my collection since 1989. It is a Matchless G3WO which was supplied to the British Army under contract. The original was registered in 1939 and it carries the number 64570 which is stamped on the crankcase above the engine number.

At the time the restoration engine was fully rebuilt and was fitted with period correct accessories such as the correct WD speedo, switch and ammeter as well as the correct dull chromed Bowden leaver. It also has its original "Panel tank" petrol tank, which is exceptionally rare.

The bike is in full working order and starts, runs and rides nicely.
