

juniper srx320 (199 EUR)

Locatie **Drenthe, Schoonoord**
<https://www.advertentiax.nl/x-1896990-z>

Te koop:

Juniper srx320
 nieuw (nooit gebruikt)

- 6 Gbe switch port
- 2 sfp
- 1 RS232 console (cisco rollout)
- 2 slots voor uitbreiding naar 4g/vdsl/etc.
- 1 USB a 3.0
- 1 USB mini voor console toegang

Heeft even aan gestaan om te testen en daarna in de kast gelegen. uiteindelijk toch maar gekozen voor een open-source oplossing inclusief wat tijd en energie.

Ik vraag er 199 Euro voor.

Benefits of the SRX320 Firewall:

- High performance—The SRX320 supports up to 1-Gbps firewall and 300-Mbps IPsec VPN, and is suitable for small distributed deployments. It can be deployed in a variety of environments, including as a branch office firewall, a central network device, or a cloud-managed device. It also supports a variety of deployment options, including as a standalone device or as part of a managed network.
- Multiple WAN connectivity options—The SRX320 supports multiple options such as Ethernet, serial, LTE/E1, VDSL2, and 4G/4G LTE wireless for WAN or Internet connectivity to link sites.
- Threat protection—The SRX300 line supports IPsec VPN, Media Access Control Security (MACsec), Juniper Juniper Advanced Threat Prevention Cloud, and Trusted Platform Module (TPM) to protect against potential vulnerabilities.
