

Greenhouse Worker Strawberries

Locatie **Zuid-Holland, Bleiswijk**
<https://www.advertentiax.nl/x-1903876-z>

Bedrijfsomschrijving

Our client is a company dedicated to improving the quality of life on a daily basis. That's their mission, and they have been doing so successfully for years! Currently, they are conducting a new experiment in a greenhouse in Bleiswijk. For this trial, they are looking for top-notch individuals who can assist in fruit harvesting.

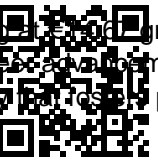

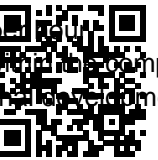

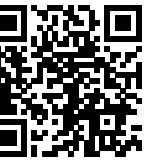

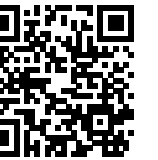

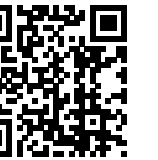

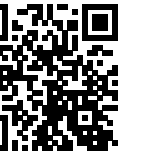

Functieomschrijving

As a Greenhouse Worker Strawberries, you will assist in harvesting soft fruits, including strawberries, blackberries, and raspberries. The fruit is grown in gutters, which are suspended above the ground. When the fruit is ripe, you ensure that it is picked on time, only harvesting the highest quality fruit. Throughout this process, various data is collected and measured so that even tastier fruit can be grown next time. Therefore, it is essential that you work carefully and in a tidy manner. The kilograms of strawberries, raspberries, and blackberries that you handle weekly will be collected at the end of the week by either the food bank or a market vendor. This way, you are jointly responsible for ensuring that everyone can enjoy the delicious fruit!

Functie-eisen

Has experience in harvesting various types of 'soft fruit'
 Proficient in Dutch or English language
 Holds a driver's license B.
