

## Chrysler Sebring 2.7 V6 automaat bwjr 2010 (3.950, EUR)

Locatie **Limburg, Kessel**  
<https://www.advertentiax.nl/x-1905943-z>

Na 9 jaren met volle tevredenheid te hebben genoten van deze schadevrije Chrysler Sebring V6 2,7 automaat met trekhaak wordt het tijd voor iets anders. Auto is van 2e eigenaar en in 2015 op eigen verzoek geïmporteerd uit Duitsland met destijds 81K-kilometers. Auto is voorzien van een Boston Premium Audio installatie en Garmin navigatie, heerlijk ruime 5-zits cruise-auto met verbruik ca 1.

|                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |
