## Bedrijfsomschrijving

We have a different range of clients: from small to large, informal to formal. Together we determine what your needs are and ensure the right customer and go for the "perfect match". Are you the sprinkler fitter we are looking for at Maintec? Don't wait any longer and apply!

### Functieomschrijving

The sprinkler fitter will carry out all sprinkler fitter activities from work orders and/or technical drawings. Such activities are installing, dismantling, replacing and performing maintenance on sprinkler systems. These sprinkler systems are used for transport of water and they protect buildings during a fire. The system consists of multiple sets of larger- and smaller-diameter steel pipes. The sprinkler fitter will perform tasks such as drilling, bending, grinding etc. and will construct complete and sometimes complex piping systems.
