

Subcontract Administrator

Locatie **Zeeland, Terneuzen**
<https://www.advertentiex.nl/x-1918036-z>

Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry.
We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

Functieomschrijving

As Subcontract Administrator (project location is Antwerp) at the construction site you will administer several construction contracts (Including Civil, Mechanical, Electrical and Instrument Works etc). The ideal candidate will work in a multi-cultural integrated team and will report to the Subcontract Administration Manager.

Responsibilities:

- Participate to each Kick-off meeting to inform subcontractors about the procedures of administration (preparation of unit rate accounting, evaluation of extra works, progress payment certificates, bank guarantees, insurances to be provided etc.).
- Review in detail and approve the Contractor's progress payment certificates (PPCs) in accordance with the Contract, obtain all internal and external authorizations and issue the authorization to invoice letter to

Contractors

1. Review Contractor's additional compensation requests and, if necessary, negotiate a package with Client and issue the relevant Request of Work's Variation (RWE) to Client or internal or external authorizations and issue the RWE to Contractor for execution. Once the RWE is to be completed, verify the final cost of proposal from Contractor and approve.

- [illegible]
