This is a used LG 29WP500B 29" UltraWide Monitor. The first 4 pictures are taken from an online product catalog for informational purposes only.

The actual item is the same color, and apart from a small scratch on the screen (barely noticeable) close to the bottom LG logo, it is good as new. I am selling it off since I am leaving the country.

Comes with the original monitor base, but I can throw in the monitor mount too for another 10 euros.

The monitor has 2 HDMI ports.

Please note that the item has to be retrieved from my residence. I have the original box if.
