

# Te Huur Hele nette Garagebox (225 EUR)

Locatie Zuid-Holland, The Hague  
<https://www.advertentiax.nl/x-1927439-z>

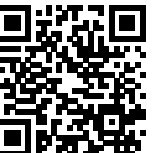

Te huur: Garagebox

Ideale garagebox gelegen randje Scheveningen (Duttendel / Belgisch park), vlakbij de Scheveningse gevangenis.

De garagebox is net geschilderd en de elektra is vervangen met voldoende stopcontacten en goede verlichting. Perfect voor klussen aan hobbyprojecten of voor opslag.

Voor meer info graag een bericht sturen of bellen.

Groeten,

|                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |
