

# SuperMicro 1U LGA2011 Passive heatsink SNK-P0047PS (18,09 EUR)

Locatie **Utrecht, Montfoort**  
<https://www.advertentiax.nl/x-1939659-z>

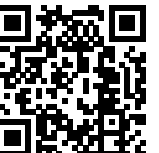

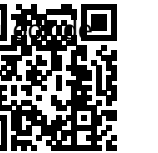

Partnummer(s): SNK-P0047PS  
 Model: SuperMicro 1U LGA2011 Passive heatsink SNK-P0047PS  
 Fabrikant: SuperMicro  
 Conditie: Gebruikt  
 Prijs: € 14.95 (excl BTW) / € 18.09 (incl. BTW)  
 Voorraad: 2

Deze 1U SuperMicro heatsink is geschikt voor 1U SuperMicro servers met een FCLGA2011 CPU socket.

Geschikt voor de volgende CPU's

Intel® Xeon® E5-2600Intel® Xeon® E5-2600v2Intel® Xeon® E5-2600v3Intel® Xeon® E5-2600v4Intel® Xeon® E5-4600Intel® Xeon® E5-4600v2  
 LET OP: Deze heatsink word geleverd ZONDER backplate!

|                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                         |

---

Naast deze aanbieding hebben wij altijd 1U, 2U, 3U en Tower servers beschikbaar Dell, HP, IBM en SuperMicro altijd op voorraad Ook server onderdelen te bestellen Wij kunnen eventueel wereldwijd voor u zoeken naar artikelen die niet op de website staan. Naast refurbished verkopen wij ook nieuwe producten. Dit staat altijd vermeld bij de betreffende producten op de website. Tevens verkopen wij diverse refurbished en nieuwe onderdelen zoals: Harddisks, SSD's, Processoren, RAID controllers, RAM geheugen, Netwerkkarten, Switches, Brackets, Rackrails, Diverse kabels, voedingen, etc.

Kijk op de website of neem contact met ons op voor de mogelijkheden.

De voordelen van ServerZaak

Geen loze beloften. Bij ons is garantie ook echt garantie. Alle bestellingen boven EUR 50,- worden GRATIS verzonden binnen Nederland. Geen extra kosten voor verschillende betaalmethoden. Dus ook niet voor creditcards. Diverse veilige betaalmethoden via onze betaalpartner Mollie. U kunt uw server zelf naar wens samenstellen. (CTO / Configure To Order) Alle servers worden voor levering volledig geassembleerd, ge-update en uitvoerig getest (inclusief test rapport). Bij servers, geen extra kosten voor bijvoorbeeld interne kabels, harddisk caddies, heatsinks, etc.
