

MacBook Air 13.6 inch, M3 chip, 256 gb

Locatie **Utrecht, Utrecht**
<https://www.advertentiax.nl/x-1942552-z>

American English qwerty keyboard. Midnight colour. I have just brought it over from Canada thinking that I could integrate this operating system, after only using an iPad Pro for years. However I find it too difficult at my later age to navigate into something new.
The laptop is less than 3 weeks old, and is still under warranty from Apple until May of.
