The device is in good condition and comes with several accessories. It includes 2 good batteries, a new 1TB SSD, a Dell Tablet Stand (which may not be for this model, but still works well), an original full metal Getac car charger, and a 19V charger. The device is nice and clean. The batteries hold a good charge.

This tablet PC is designed for use in extreme work conditions and is trusted by the Military, Police, Firefighters, and other highly hazardous industries. It features an HDMI port, front and back webcams, a barcode scanner and a SIM card slot for Mobile WiFi 4G-LTE. All port covers are intact and in very good condition. If you let me know your preferred language for Windows 11 Pro, I will install and activate it for you.
