Hello, I am listing my Chrysler, the reason I am listing it is that I want to buy a Dodge Challenger, the car runs well, visually there are some things that need to be done, as can be seen in the photos, the chassis is in good condition. I have had the car for over a year and I am satisfied with it, it has never let me down. I used the car every day for work, shopping, the gym, and on holiday twice, where the total distance was 4,000 km and there were no problems. During my time using the car, I drove about 17k km, the oil was changed regularly, max every 8k km, the oil I used was Mobil Super 3000 Formula F 5W20, and 2/3 of the oil changes were made with engine flush. Overall, the engine is in very good condition, runs smoothly and does not make any disturbing sounds. the things I repaired/replaced were:

1. At 306k km I replaced the water pump
2. At 321k km I replaced the rubber shaft coupling front/rear,
3. replaced the amplifier, the old one was burnt out and not all speakers worked,
4. replaced the radio with an Android radio Junsun V1 plus (8GB-256GB ).
5. I also replaced the battery with a new one
6. I have new spark plugs on the shelf at home waiting to be installed, but I don't have the time/willingness to replace them, so I'll give them together with the car.

You are welcome to come and check the
