

## Game PC ROG STRIX RTX4070 , i5 14500 14core 20Threads ,32GB (1.599 EUR)

Locatie **Groningen, Slochteren**  
<https://www.advertentieX.nl/x-1953899-z>

Te koop super snelle gaming/streaming/3D film foto bewerking pc zelf super strak gebouwd met deze pc speel je werkelijk alle games die er bestaan op de aller hoogste Extreme Epic Ultra setting op 3440x1440P ultrawide 2K of 4K  
 Makkelijk op 1440P 144Hz FPS locked tot 240Hz FPS locked 1080P  
 Er is werkelijk geen enkele game die niet op de hoogste settings en hoogste FPS draait  
 Ook met 3 schermen 3x 27inch curved 1ms 1440P 2K 165Hz simulator gaming moeiteloos

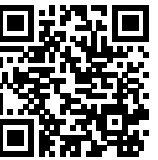

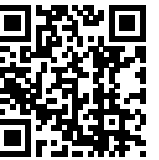

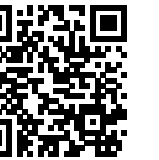

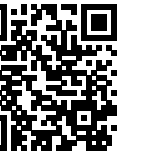

Verder is de pc zo goed als splinternieuw met nog ruim 2 jaar garantie en sommige onderdelen zelfs 3-5jaar garantie

De pc bestaat uit alleen maar de beste kwaliteit onderdelen en draait full load zo'n 55-65 graden max.

### Specificaties:

Intel i5 14500 5.00GHz 24M Cache HyperThreading processor met maar liefst 14cores en 20 threads maakt deze i5 sneller als elke intel i9 of Ryzen 9 voorganger wat gaming betreft

Arctic Freezer i35 120mm P12 Airpresure ARGB cpu koeler nieuwe Arctic MX6. Koelpasta  
 Dit is 1 van de beste koelers op de markt

|                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                            |
