

Amazon Full-Service Freelancer gtMarketingSEOManagingPPC.. (89 EUR)

Locatie

Overijssel, Enschede

<https://www.advertentia.nl/x-1958425-z>

My name is Nils Nettelbreker from Germany, I am a freelancer in the e-commerce sector and I specialize in Amazon marketplaces.

I would be happy to help you set up your business in Germany (the biggest Marketplace of Europe), or if you already offer your items there, with support, marketing, optimization, expansion or troubleshooting for your company's Amazon shop.

Thanks to my 5 years of experience in the Amazon world, I can respond individually to every project or problem and thus provide support in almost all situations.

In addition to the operational management of sales and marketing activities, including for a large brand with over 500 items, as well as strategic advice for retailers, agencies or founders on the European Amazon marketplaces, I also sell my own product brand with my company and am therefore a real one Amazon all-rounder with knowledge from A to Z.

Here you will find an overview of my services:

? Setting up the seller account, trademark registration etc.

? Prepare, create and optimize Amazon processes
