I got this car brand new in march 2022 in Sweden, as my company car. Later, I bought the car and moved to Netherlands. I use the car to commute from Amsterdam to Eindhoven 2x a week. The car is in perfect conditions with small usage marks which I'm happy to show. The car is complete (all optional available at the time I bought) including special sound system and 480km battery autonomy. This car accompany a set of winter tires with wheels which are stored at BMW in Amsterdam. The only/first service was done this month at BMW Amsterdam. I'm selling because I'm leaving.
