

Alpinestars touring suit (2p) size SM (390 EUR)

Locatie **Groningen, Groningen**

I am selling this because I sold my motorbike. The full set consists of the following:

T-GP R V2 Waterproof Jacket size M
Raider V2 Drystar® Pants size S

Extras:

BIOFLEX HIP PROTECTOR size S
Nucleon KR-2i Back protector size M

Combined price was ~590 new

The sizes are suitable for men ~170 +/-5 cm. I'm around 65kg and had a perfect fit. Of course you're welcome to try it if you're interested.

Both jacket and pants are completely waterproof and have inner thermal layers that can be removed to ride in warmer weather. There are also plenty of ventilation zippers and adjustment straps to make the fit looser or tighter according to personal taste. I personally found this suit really comfortable and since I bought it in summer 2022 I have used it for all my long motorcycle trips.

Always spot-cleaned with warm water and kept in dry/dark conditions, so the suit shows barely signs of use up to the rest of the team.
