I am selling this my like new Hou with two paddles (one wood one composite) and two floatation vests. All have been hardly used and stored inside at Prinseneiland boathouse (where you can see it). Since new. Taking reasonable offers as a moving house. More photos coming soon but call to arrange a viewing. You will not find a better canoe.

The Hou 14 is the bigger brother to the Hou 13, a touch longer and with a higher load carrying capability. It will carry a touch more load, track a little quicker and in reality be a touch more of a 'multi tasking' boat. As it's a little longer and a little deeper than its smaller brother you will see a bit of a drier ride in the bouncy stuff and a touch more forward speed. Again this shape was designed as an all rounder so it will paddle well on the open water and flat river days too.

This boat is more of a 'stretched baby Prospector'. The fine entry, shallow v hull provides good initial and secondary stability whilst a touch more length makes a noticeable difference to speed, especially when paddling solo. If you want a great all round solo boat that won't give you too much trouble on a windy day, and that allows you reasonable load capacity when you need it (be that for the dog, over night gear or a friend) then this is the boat for you. A fantastic 1 to 2 person.
