I am selling my Toyota Celica 1.8 VVTi.

The car has a new MOT valid until 04.2025.

It is in original condition, no changes have been made to the car.

Mechanically it is in perfect condition, drives great. It has a few imperfections on the outside, but looks very good for its age. The interior is also in perfect condition.

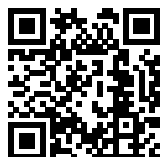

The care has only had 2 previous owners since new and is very well cared for.

I accept any test at an authorized service. I also offer the Carfax upon.
