The Getac F110 G4 Fully Rugged Tablet PC is in very good condition and comes with several brand new accessories.

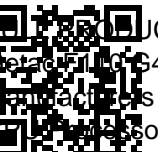

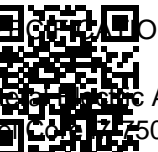

It includes 2 brand new batteries, and a brand new 1TB SSD, a Dell Tablet Stand (which may not be for this model, but still works well). The device has only been used for 8030 hours, making it nice and clean. The batteries are also brand new and still sealed in their original packaging. This tablet PC is designed for use in extreme work conditions and is trusted by the Military, Police, Firefighters, and other highly hazardous industries. It features an HDMI port, front and back webcams, and a SIM card slot for Mobile WiFi. All port covers are intact and in very good condition. If you let me know your preferred language for Windows 10 Pro, I will install and activate it for you.

All port covers are complete and in very good condition

The touchscreen works flawlessly and responds fast

Its Very Fast - After Pressing On The Power On Button It Needs Only 6 Seconds To Start Windows And Browsing The Internet

What You See Is What You Get - You will receive exactly what you see in the original photos. Because I only use original photos
