

Long range Ethernet amp POE (175 EUR)

Locatie **Noord-Brabant, Helmond**
<https://www.advertentiax.nl/x-1980373-z>

POE extender voor lange afstanden, als 90 meter niet genoeg is.
 ze zijn nooit gebruikt.

1 x VLS-1P-B (nieuwprijs 250 euro)

1x VLS-1P-C (nieuwprijs 250 euro)

Veracity VLS-1P-B, Longspan Base unit for point-to-point ethernet over long distances with (Hi) PoE Can always be used with the VLS-1P-C Camera unit. This basic unit is your "send" side, so it is installed on the switch side. You can feed it with (Hi) PoE or a VPSU-57V-800-EU (optional) power supply. Distances point-to-point: PoE-powered: up to 450 m (cat5e) or 600 m (cat6) with an IP camera with 10 Watt consumption. If you use Hi-PoE or an optional power supply: up to 950 m (cat5e) or up to 1050 m (cat6) with an IP camera with a consumption of 10 Watt, (also refer to the table on the)
