I'm selling my iPad Air 3 (2019) as I upgraded to a more recent one

Specs:
 - 64Gb
 - 10.9 Inch
 - WiFi model

Sold with:
 - Original Charger + USB-B to Lightning cable
 - Apple Pencil 1
 - Paperlike cover on the iPad
 - Keyboard folio (It doesn't work well, only sometimes. Consider it a good iPad cover that sometimes can serve as a keyboard)

Great if you want to draw on it, since it already has a Paperlike cover.
 It runs Procreate & Procreate Dreams & is getting the latest iPadOS
