

## Network Switch Quanta IX8 (400 EUR)

Locatie

## Noord-Brabant, Best

<https://www.advertentia.nl/x-1983033-z>

## Physical Ports

- Port configuration: 48 SFP28 (10/25GbE) and 8 QSFP28 ports (10/40 or 25/50/100GbE)
- Management Port: Out-of-band management port (RJ-45, 10/100/1000Base-T)
- console port K-4 console port
- USB: 1 USB 2.0 port

## CPU Board 1

- CPU: Intel Atom® Processors
- Memory: 4GB DDR3/ECC
- Storage: SSD: 128GB
- Switching capacity: 4Tbps
- Maximum forwarding rate: 2bps
- Latency: Ultra-low latency
- MAC: BCM TD3 BCM56873

nien Avallabulicy

' Kedundant powersupply. It

- Hot-swappable fan tray: 5+1

## Mechanical

- Dimension (HxWxD): 43.2x440x508mm
- Weight: 9.1kg(NEI)

## Environmental Specifications

- |                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |
