

## CNC bewerkingscentrum bovenfrees machine Masterwood Project

Locatie **Gelderland, Wijchen**  
<https://www.advertentiax.nl/x-1983090-z>

CNC bewerkingscentrum

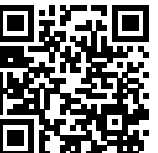

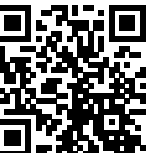

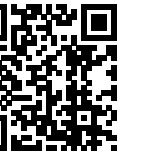

Masterwood Project 400L  
 Bouwjaar 2008  
 Machine nr. 08070013  
 400V, 37.1 kVA

X-axis 4000mm, max 60 m/min  
 Y-axis 1785mm - max 50m/min  
 Z-axis 280mm - max 20m/min

Gereedschapwisselaar met 12 stations  
 Zaagunit  
 4x horizontaal boren  
 11x verticaal boren  
 Gereedschap HSK-F63

Software MW310  
 Benodigde afzuigcapaciteit 6500m³/h

|                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                       |

Inclusief vacuumpomp

Transportafmetingen: 9600x2450xH2450mm, Gewicht 3500kg

Robot toe te voegen

Aan de rechterkant zit een klein opgebouwd, hier komen originele cups op.

Robot toe te voegen

Type: Stationaire machine  
 Bouwjaar: 2008

---

Toepassingsmateriaal: Hout  
Ledig gewicht: 3.500 kg  
Algemene staat: goed  
Technische staat: goed  
Optische staat: goed  
Referentienummer: HOU.1873

#### Bedrijfsinformatie

Al onze prijzen zijn excl. btw  
Levering en inruil altijd mogelijk van alles in de industriële sectoren  
Bijvoorbeeld: Houtbewerking, metaalbewerking en intern transport

Houtbewerking en algemeen: +31655855207  
Metaalbewerking en elektronica: +31614832789  
Intern transport: +31611462913
