Hello,

I am selling my car since I bought a new car. I have been using this car almost for 2 years without any problems.

- Cruise control
- Tyres were replaced last year with brand new ones.
- Brake pads were replaced last year.
- Last maintenance was 4 months ago at 95.000kms
- Additional Armrest option.
- APK until 4 of June 2025.
- I will give the bluetooth transmitter (you can connect your phone to the radio) and phone holder for free.

The condition of the car is quite good, and there is no mechanical problems.

Note: Sometimes, the rev counter in the vehicle dashboard (where you see the rotation of the engine) doesn't work.

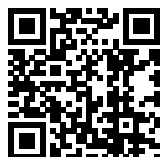

Also seatbelt light is flickering (the fuse needs to be replaced)

Some minor scratches present on the.
