1 month old 18.5 inch Uppertext Portable Monitor, still have a screen protector on it and the box and all the cables still complete. I'm using it for my PS5.

This monitor has 4k resolution and 60hz.
 Other features include game mode, ultra HDR, free sync, 3D surround, and eye protection. I will also give you the protector bag for the monitor.

This monitor can be also use as an extra screen for your computer or laptop. You can also connect your phone with it so you can watch your favorite video or movie from this monitor

This monitor only picks up in location, so you can see if the monitor still works, etc. if you are interested, you can send me a massage for the.
