Custom-Built Mini ITX Gaming PC – Powerful Performance in a Compact Design This gaming PC is truly a work of art. Meticulously assembled with care and precision, it combines powerful components in a sleek and compact Cooler Master NR200P Mini ITX case. Despite its small size, this PC is a beast. CPU: AMD Ryzen 9 5900X, cooled efficiently by an Arctic Liquid Freezer II 280mm AIO, a remarkable fit for the NR200P case. Motherboard: Gigabyte X570 I AORUS PRO WIFI Graphics Card: Gigabyte GeForce RTX 3070 AORUS MASTER 8G 2.0 Memory: Corsair DDR4 Vengeance LPX 2x32GB 3200MHz (64GB Total) Storage: Samsung 980 PRO 1TB M.2 SSD + Crucial MX500 2TB SSD Power Supply: Cooler Master V850 SFX Gold PSU Cooling: Bottom Fans 2x Noctua NF-A12x15-PWM chromax.black.swap, managed by a Thermaltake Commander FP PWM Fan hub
 Condition: The hardware is in pristine condition, and all original boxes have been kept in like-new condition.

Why I'm Selling: Regrettably, I no longer have the time to game and am aiming for an even more minimalist desk setup.

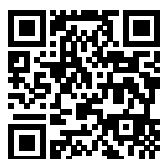

Note: I prefer to sell this PC as a complete unit due to the effort and care put into its assembly. Even if you're interested in the parts, you will need to take the entire package.

This PC is not being shipped. The options would be:
 Pick it up. Meet me half way. I can drop it off (for a small fee) depending on how far you.
