

Reefer Mechanic, Maasvlakte 2 Rotterdam

Locatie **Zuid-Holland, Maasvlakte Rotterdam**
<https://www.advertentieX.nl/x-1989563-z>

Functieomschrijving

Discover the challenging role of refrigeration technician and join the passionate team at Maersk in Rotterdam (Maasvlakte 2)!

As a reefer mechanic, you are the expert in maintaining and repairing refrigerated containers (reefers). Your skills ensure that these containers are in optimal condition, allowing valuable cargoes to arrive safely and fresh at their final destination.

With your expertise, you conduct inspections and repairs on reefer units and gensets, always in accordance with STEK guidelines. You handle special requests effortlessly, such as modifications and retrievals. Additionally, you play a supporting role in terminal-related reefer activities, including monitoring, repairs, and temperature controls.

You'll be working in two shifts; 05:45-14:00 or 13:45-22:00 monday to friday

Waar ga je werken?

Where will you be working?

Maersk is everywhere, from a ride on the road alongside one of our trucks to the largest ports in the world where we come ashore to continue our journey to your doorstep.

Now is your chance to get to know us from the inside: a workplace full of warmth, friendship, and support. We invite you to join our amazing team and be part of our mission: to provide the best service for every customer, everywhere in the world!

Wat vragen we?

- Pre-education and affinity with technology;
- 1 year of experience in a similar role;
- Knowledge of inspections and repair is a plus;
- Proficiency in Dutch and/or English language;
- Ability to work independently and in a team;
- Physically capable of performing assemblies;
- Mandatory application for Certificate of Good Conduct (VOG).
