

Assembly worker - hydraulics department

Locatie **Zuid-Holland, Mijnsheerenland**
<https://www.advertentiax.nl/x-1991976-z>

Bedrijfsomschrijving

You will work for a technical family company that specializes in products for horticulture. The company develops, manufactures and sells climate and water management control systems. Their hard work is aimed at helping farmers and gardeners transition to more efficient and sustainable production methods. It is a family company based in Maasdijk that has focused on the international market for more than 65 years. Our client is ambitious, innovative and rapidly growing, so they are looking for a new associate to join their team.

Functieomschrijving

Are you a person who gets energy from technical work and has a passion for building water systems? Then we have the perfect challenge for you! As a assembler for water installation in Maasdijk, you will work on creating high quality products that will serve in the management of water on greenhouses. Together with a team of enthusiastic colleagues, you will create sustainable solutions that will improve the development of the agricultural sector.

Functie-eisen

Experience in the technical sector, particularly in hydraulic installations, ability to read technical drawings and assembly installation, you have a VCA certificate or are willing to obtain it.
