

Cisco SG550X-48P 48-Port Gigabit PoE Stackable Managed Switc (500 EUR)

Locatie

Zuid-Holland, The Hague

<https://www.advertentieX.nl/x-1995166-z>

Cisco 550X Series switches are designed to protect your technology investment as your business grows. Unlike switches that claim to be stackable but have elements that are administered and troubleshot separately, the Cisco 550X Series provides true stacking capability, allowing you to configure, manage, and troubleshoot multiple physical switches as a single device and more easily expand your network. A true stack delivers a unified data and control plane, in addition to a management plane, providing flexibility, scalability, and ease of use because the stack of units operate as a single entity constituting all the ports of the stack members. The switches also protect your technology investment with an enhanced warranty, dedicated technical support, and the ability to upgrade equipment in the future and receive credit for your Cisco 550X Series switch. Overall, the Cisco 550X Series provides the ideal technology foundation for a growing business.

Model

Power dedicated to PoE

Number of ports that support PoE

SF550X-48P

382W

48 (16 support 60W PoE)
