Suzuki Tour SV 1000 S
 Deze Suzuki Tour komt uit 2003, werd geleverd van 01-10-2002 tot 01-02-2008 en kostte toen € 10.999,-.
 Deze originele Nederlandse motorfiets staat sinds 2003 op kenteken, is voorzien van een benzine-motor, heeft een maximum vermogen van 88 kW (120 PK) en een cilinderinhoud van 996 cc.

De APK is geldig tot N.v.t. en de wegenbelasting bedraagt gemiddeld € 36,33 per kwartaal.

71 000km

Beautiful and fully serviced motorcycle.
 This motorcycle is equipped with a full LASER exhaust system.
 The lower part is covered with plastic, which gives it a sporty look.
 Very convenient and comfortable pilot's seat, comfort+.
 Back seat cover.
 Of course, there is a steering damper.

Also included;
 - new brake discs
 - new engine oil
 - new coolant

- new front brake fluid
 The battery, tires, drive chain and sprockets are in good condition.
 The handlebars have been cleaned and spray-painted.

This is a fast and powerful motorcycle, so a test drive is only possible if you have sufficient experience driving a motorcycle.
 Don't ask me why I decided to sell it, because it's not easy for me.

Mooie Suzuki SV1000S

I really like the power and torque of its two-cylinder engine. But, I should try some slower and more comfortable motorcycle for long trips with my.
