## KEY FACTS

This BMW 316i is an eye-catching classic compact saloon, enhanced with a Zender body kit, and benefiting from some recent refurbishment work. Under the bonnet is the carburettor-fed 1.6-litre 'M10' inline-four, producing around 90PS, coupled with the four-speed manual transmission. The odometer shows 153,283 km.

## EQUIPMENT AND FEATURES

This 316i is finished in Silver, and it rides on a set of black and silver 13-inch multi-spoke Alpina wheels, wrapped with Fulda EcoControl tyres. It is understood to be fitted with a Zender bodykit, as well as AeroLift chrome wheel arch mouldings, and a Typhoon grille featuring square headlights with yellow bulbs. The Pacific Blue interior features a four-spoke steering wheel, a wood gear knob, heating and ventilation controls, and a BMW Bavaria S radio, and the car also features electrically adjustable chrome door mirrors. The suspension has been upgraded with Sachs components. Accompanying the vehicle will be a 3 Series manual, along with some registration and maintenance documents, a spare wheel and a toolkit.

## CONDITION

Please refer to the photo gallery to assess the exterior and interior condition. Specific notes from the seller include: the car was completely repainted; there is a very small spot of rust on the driver's side rear bumper, caused due to a scratch inflicted when the bumper was installed; the seats have been reupholstered in their original colour; the headlining has been refurbished; there is one crack in the middle of the dashboard, near the windscreens. The most recent technical inspection was reportedly completed in

March 2023.

On 17 March 2023 at 10:00 AM (Ko), the seller replaced the engine oil and filter, the oil pump, the piston connecting rod, and also replaced the headlight bulb. The seller's note states the gearshifters have been changed, various chassis components have been renewed, the chassis has been sandblasted, painted and fitted with new rubbers; and the brakes have been renewed with new discs, callipers, drums, linings, pipes and hoses and master cylinder. The seller notes that a reconditioning programme to get the car back on the road included fitment of 5mm of additional sound insulation in the passenger compartment, and removal of an LPG fuel system.

## SUMMARY

This E21-era BMW 316i is an eye-catching classic compact saloon, enhanced with a Zender body kit. Benefiting from some recent refurbishment work, it would make an unusual addition to any collection, as
