North Reach Kites bought in 2021 in 7, 10 and 13 sqm as a set with North Navigator Bar from 2022.

The small kites have no damage nor holes and are in top condition and nicely crispy.

The 13 sqm has been reinforced in the central strout (see photos), but this is hardly visible. There are patches in a few places that do not affect the load-bearing capacity of the cloth.

The bar has a few signs of wear such as scratches on the plastic, but is in good condition. The floaters and the grip tape are super .

Everything ready for use immediately!

Can be picked up in Rotterdam or.
