Functieomschrijving

Are you a skilled B1/B2 licensed engineer with expertise in Airbus A220 (Bombardier C-Series) looking for an exciting opportunity? We have open positions for you at Maastricht Airport, The Netherlands, and LINE stations in Uyo, Nigeria, Reunion, France, Baghdad, Iraq, and various locations across the USA, Canada, and Europe for long-term contracts. As a B1/B2 Engineer, you will play a crucial role in the maintenance of Airbus A220 aircraft. Your responsibilities include:

- ?? Conduct scheduled and unscheduled maintenance in response to customer requirements;
- ?? Lead a team of Technicians and Mechanics in Base Maintenance checks;
- ?? Ensure compliance with Part-145 maintenance requirements, internal processes, and customer SLAs;
- ?? Uphold safety and quality standards during aircraft maintenance;
- ?? Mentor and delegate resources to ensure smooth operation.
