Hi there!

I'm selling my beloved iPad Pro 12.9-inch with cellular capability and 128GB of storage. This has been my go-to device for work, play, and everything in between, but I'm not using it anymore and hoping to find it a new home where it'll be appreciated as much as I have!

What's Included:

iPad Pro 12.9-inch (1st Generation): Cellular, 128GB
 Logitech Slim Folio Pro Keyboard: Backlit and perfect for on-the-go typing
 Apple Pencil (1st Generation): Ideal for sketching, notes, and more

Condition:

The iPad is in great shape with only minor signs of use.

The Logitech keyboard and Apple Pencil are also well cared for. I don't have the original box for the iPad, but I do have the original box for the keyboard and pencil.

The iPad Pro delivers impressive performance and a stunning display. The keyboard makes typing a breeze and is perfect for productivity on the move. The Apple Pencil adds a whole new level of creativity and efficiency.

Reason for Selling:

I've decided to buy a laptop so i don't need 2 screens, and I'd love for this setup to find a new owner who will make the most of it. I will have it all factory reset for you before purchase.
