Good day. Today with a heavy heart I give you my beautiful dream boat. The boat is very well maintained and very invested in. Just this year a lot of things have been done: antifouling, new teak deck (PVC, 100% wood look) new sails, new ropes, full engine service. I am adding a full set of steering platform + wheel (it is possible to mount). new Jabsco toilet. I am selling my beautiful boat due to health reasons, I no longer have the strength to sail but it is possible to exchange for a cruiser at a similar price or more expensive with an additional payment. My boat is ready to sail immediately, it is currently in.
