Aleen uit de verpakking geweest, Inclusief oplaadcradle en adapter.

T.E.A.B.

Honeywell's Dolphin® 6500 is a lightweight and versatile mobile computer that provides advanced data collection and real-time wireless communication for in-premise applications in retail, grocery and light-industrial supply chain environments. Multiple keypad options—the 28-key numeric and the 52-key alphanumeric—are available to customize user preference and support various applications. Built to resist damage from dust, dirt and accidental drops, the 6500 mobile computer is ideal for mobile operators working in tough environmental conditions.

Dolphin® 6500 Mobile Computer Features and Benefits

- Remote MasterMind® Ready: Reduces total cost of ownership by providing a turnkey remote device management solution that easily manages and tracks usage of installed devices.
- Designed for diverse application needs: Large, color touch screen display and multiple keypad options offer easy, flexible solutions to meet key- or graphics-based data entry requirements.
- Real-Time Wireless Communication: Advanced integrated 802.11b/g technology delivers real-time

network access to critical information and supports advanced wireless security standards. Adaptable Imaging Technology 5.5 reads linear and 2D bar codes, captures digital images, and enables electronic signature capture, enabling workers to do more with a single device.

- Versatile High Performance Data Collection: Adaptable Imaging Technology 5.5 reads linear and 2D bar codes, captures digital images, and enables electronic signature capture, enabling workers to do more with a single device.
- Optional Slide-on Handle Accessory: Provides a productivity-enhancing solution for applications that require high-volume scanning such as inventory management and stock replenishment.
- Scanning Flexibility: Available with laser scan engine for users with linear scanning needs.
