1982 Honda CB450 SCE Nighthawk

Bike was previously converted into a scrambler / cafe racer.

Reliable bike and runs well - no issues with a cold start! Tyres and brakes are in good condition. New battery (lead-acid) installed last week. Selling only because I don't use the bike as much as I would like. Old-timer insurance and no road tax - bonus!

Workshop manual and documents are included. Any questions, don't hesitate to contact me!
