

# Audi A3 1.4 Tfsi 92KW Sportback PANOAIRCOCRUISESCHERM (4.195, EUR)

Locatie **Noord-Brabant, Breda**  
<https://www.advertentiax.nl/x-2034159-z>

Voertuig is overbodig geworden

spectaculair voertuig voor zijn bouwjaar en volledig uitgerust.

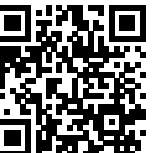

Opties zijn

- Alarmsysteem
- Cruise control
- Sportvelgen
- Scherm bluetooth/maps
- Stoelverwarming
- Airco
- Leren bekleding
- Panoramadak
- 5deurs/elektrische deuren
- elektrische ramen
- parkeersensor
- rode klauwen

Er zijn vast nog dingen wat ik ben vergeten

stoere bak die nog lang mee kan gaan motorisch klinkt de voertuig perfect

Stuurwiel en versnellingshendel met rood lichtje

|                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                     |
