Bedrijfsomschrijving

Bison International provides the best adhesives, bonding, and sealing products for every application, from school students or DIY enthusiasts at home to professional users, for all stages of life. Bison produces for five well-known brands, including UHU, Bison, Griffon, Bostik, and Air Max.

Bolton Adhesives has a global presence. With their three production facilities and six distribution centers in Europe, they supply over 125 countries, from Brussels to Bangkok, Amsterdam to Atlanta, and from Italy to Ireland, with more than 700 employees worldwide. The outlook for Bolton Adhesives is truly international. This enables them to make their products – more than 200 million per year – available to customers and consumers worldwide.

Functieomschrijving

For Bison International, we are looking for Operators who are willing to work in 2 shifts. Together with your colleagues, you will ensure that the products are prepared for packaging. As an operator, you know

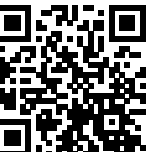

the machines inside out. You are allowed to resolve minor technical issues yourself, so some technical issues will be referred to the maintenance department. Since Bison International produces slow moving products, production is relatively slow. As a result, you will spend a lot of time setting up the machines, changing the glue and the glue.

As an operator, you will work in 2 shifts from Monday to Friday, with a half-day on Fridays.

The working hours are:

Early shift: Monday to Thursday 05:20 – 14:30 and Friday 05:20 – 12:00
 Late shift: Monday to Thursday 14:20 – 23:30 and Friday 12:00 – 18:00

As an operator, you are versatile, and your daily tasks include:
