

EHampS Technician

Locatie **Zeeland, Terneuzen**
<https://www.advertentieX.nl/x-2037134-z>

Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry.

We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

Functieomschrijving

We are looking for an EH&S technician for a long term assignment to support the safe execution of work coordinated by the TES maintenance department.

We are looking for a teamplayer who is used to show initiative and ownership, is capable of dealing with a dynamic environment and has experience in the chemical industry.

Responsibilities / Duties

- Provides hands-on environmental, industrial hygiene (IH), and health and safety (H&S) activities for a specific maintenance group in preparation and execution of work.
- Shares responsibility for the implementation of the EH&S management system, in order to meet business objectives and to maintain the license to operate.
- Implements detailed, task level, day to day EH&S programs, utilizing the EH&S work process, standards and procedures.

• Coordinates and monitors the Environmental, IH, and Health and Safety aspects of operations and the area assigned and is responsible to achieve the performance levels in most cases. Would perform some of secondary tasks in the EH&S section, supporting discipline specific tasks.
 • Is a resource for environmental, H&S information, in procedures, guidelines and regulations.
 • Serves as contact for Environmental, IH, and Health and Safety issues.

• Coaches and trains teams and individuals within maintenance on EH&S related tasks and activities.

• Assists in developing and achieving area or departmental EH&S goals.

• Ensures EH&S compliance tasks are completed.

EHampS Technician
