Zwarte Waka Goat, weinig gebruikt, hele mooie staat. Hieronder de beschrijving van de fabrikant:

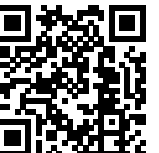

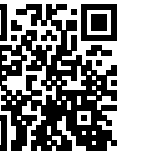

Waka kayaks are stoked to present our newest water toy. The GOAT is the Steeze's little brother and this kayak is aimed at smaller paddlers that want a stern that they can squirt and be able to run serious whitewater. We have given the GOAT a wide weight range to allow for 80kg + paddlers that want a super playful stern but not so much aiming to run the Stikine.

The Goat uses the same basic hull design as the OG and Steeze which allows for easy change of direction at speed, untouchable skip over holes and drops, wave surfing and flat spins, plus wicked carving!

Testing has just started but from first impressions these boats are also going to be the go to boat for extreme racing. Please keep checking for updates as we learn more about the GOAT and Billy GOAT every day.
