

Mitsubishi Outlander 2.0 PHEV Instyle APK April 2025 (7.499, EUR)

Locatie Zuid-Holland, Schoonhoven  
<https://www.advertentiex.nl/x-2043702-z>

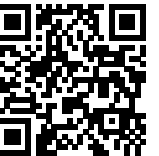

Je bent op zoek naar een scherp geprijsde, dealer onderhouden Mitsubishi SUV. Door zijn flinke ruimte en gunstige gebruikswaarde als hybride de ideale auto. (Benzine ± 1:12 en in de combinatie ± 1:25).

Accu in goede staat, bij zomerweer een range van ± 33KM, bij winterweer ± 23km. Losse set winterbanden is aanwezig. 2 sleutels en eveneens de complete onderhoudshistorie. De auto gaat weg vanwege overstap naar private lease.

Wat je verder moet weten; zie ook de foto's. Lichte krassen bij mistlicht linksvoor, butts bij linker achterbumper + mini ster in voorruit.

Waarom kies je voor deze Mitsubishi Outlander:

- Scherp geprijsd om te bieden;
- APK tot april 2025;
- Schuifdak, camera, leer;
- Stoelverwarming;
- Groen energielabel;
- NAP gecontroleerd;
- 4 losse winterbanden (zonder velg);
- Onderhoudsgeschiedenis beschikbaar (o.a. april 2024 nieuwe remschijven voor).

|                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |
