3 pieces Brand new/ can only be purchased together.  
 Kensington MagPro Elite Magnetic Privacy Screen Filter - Apple MacBook Air (M2, 2022)  
 Model: K58374WW

Exceptional in form, fit, and function, the MagPro™ Elite Magnetic Privacy Screen Filter for Apple MacBook Air (M2, 2022) easily attaches to the frame of your MacBook Air with integrated magnets, allowing the device to be fully closed and put to sleep, providing professional-level security for a privacy screen. The privacy screen filter limits the viewing angle to +/- 30° for enhanced visual security and reduced risk of visual hacking. Blue light reduction filters out up to 30% of harmful rays, easing eye strain and reducing the interruption of your natural sleep patterns. The reversible screen has an anti-reflective coating for enhanced viewing clarity. One side has a matte finish to reduce glare and fingerprints. The other side is glossy for a clear view of the screen. The anti-reflective matte surface has a special coating to prevent mildew and bacteria growth, which can stain the film and cause unpleasant odors. Magnets make it easy to attach and remove the screen as desired. No need for clunky adhesives that could damage your laptop. 2-year limited warranty.
